**Subject:** Request for Draft Documents

Hi my name is Yvonna Cazares and I work with Verde Consulting Group a Sacramento-based environmental research and advocacy firm. It is my understanding that the Strategic Growth Council is running the Urban Greening for Sustainable Communities Program funded by the Safe Drinking Water initiative in 2006 (Prop 84) and that there is going to be a workshop to discuss a draft of the program's grant process today, Dec. 1, 1:30 - 4:30 at the CA Dept. of Public Health, 15th and Capital in the auditorium.

Because I was unable to make today's workshop on such late notice, could someone please send me the draft documents or notes from the meeting? I would love to know how we could get more involved seeing as how we are already actively engaged in the statewide 'Water Summitt' and locally with the California Endowment's Building Healthy Communities Initiative 'Community Assets and Infrastructure' workgroup.

Look forward to hearing from you.

Best,

Yvonna Cazares
